EFFECTIVE LGPD

The Centre for Information Policy Leadership (CIPL) and Centro de Estudos de Direito, Internet e Sociedade of Instituto Brasiliense de Direito Público (CEDIS-IDP) have been partnering on shaping data protection in Brazil since 2015.

In mid-2019, we launched a special joint-project to work with industry, the Brazilian data protection authority (ANPD) and local, as well as global data privacy experts towards an effective Lei Geral de Proteção de Dados (LGPD).
