#### **Questions for CIPL**

##### **1) EU-US Privacy Shield**

- Please tell us about the latest information about EU-US Privacy Shield.
- Do you think the situation between the EU and the US in relation to data protection will improve in the coming months? What challenges do you still have to address for the EU-US Privacy Shield? What impact on the US businesses does the EU-US Privacy Shield have?

##### **2) Challenges of cross-border data flow:**

- Please tell us about challenges of cross-border data flow facing U.S. businesses. The Japanese government would also like to hear and learn about data use by US businesses.

#### **Questions for PIPC Japan**

- 1) CIPL members may also ask questions regarding privacy developments in Japan.
