## THURSDAY, 30 MARCH

A CONSISTENT IMPLEMENTATION OF THE GDPR FOR ALL STAKEHOLDERS? ADVANCING GENDER DIVERSITY AND DIVERSE SOLUTIONS!

Microsoft is delighted to invite you to participate in an interactive discussion to identify new challenges and opportunities raised by the GDPR and propose solution-making paths leading to the successful implementation in our respective organizations as well as of EU data subjects' rights.

This will also be an opportunity to promote gender diversity, meet and network with diverse stakeholders debating similar issues. Diversity is not only about gender, it is also about encouraging new ideas and diverse perspectives to jointly move issues - and careers - forward!
