# CNIL's GDPR Implementation

---

Sophie Nerbonne,  
Head of Compliance Directorate, CNIL

# CNIL actions in the countdown to GDPR

---

## Assisting organizations in the transition to the GDPR

- Explaining new requirements
- Providing compliance tools

## Getting ready at the CNIL for the new governance model

# Focus on Accountability & the CNIL

## Facilitating the digital transformation

*Providing adapted and scalable responses : compliance packs, codes of conduct, BCR, certification, transition from the « CIL » to the DPO*

- Understanding the needs of professionals
- At the service of data subjects
- For developing agile regulatory tools (facilitating law)
- To be promoted at EU level

## Co-regulating with target audiences

- Animation of networks with network heads (multiplier effect)
- For building sustainable and responsible innovation

# What to expect from the CNIL from 25 May ?

**Additional GDPR tools and guidance:** referentials, PIA lists...

**Enforcement of the GDPR:** no grace period but account to be taken of the “learning curve” of organizations in the first months

**Thank you !**
